A V33 Group Company

Who are we?

Liberon UK Ltd. is a wholly owned subsidiary of the V33 Group, based in France. V33 Group is the market leader for wood and paint products in the DIY market in France and is a key player in many other European markets. Created in 1957, the family owned business is based in the Jura region of Eastern France, near to the Swiss border.

V33 and Liberon

In 1990, V33 Group purchased the Liberon brand in order to diversify into specialist furniture care products. Since then the two brands have innovated to create a wide range of products for wood and stone care.

Our factories where all our products are manufactured meet ISO 9001 production standards whilst the commitment to environmental standards was recognised in 2001 with the award of ISO 14001. In total, the site in France covers 32,000m².

Environmental and quality commitment

Liberon are proud to be one of the few manufacturers whose products have been endorsed by independent bodies. This helps us to ensure the high quality and guaranteed results of our products whilst also respecting our environmental ethics.

European Eco-Label

This award is given to products which have satisfied strict environmental criteria of the EU eco-labelling scheme during their manufacture, use and disposal. These products have very low VOC levels and either contain very few solvents or none at all. Liberon products awarded the European Eco-label are highlighted in this catalogue with the 'flower' logo.

	<p>European Eco-Label</p> <p>Awarded to goods or services which meet the environmental requirements of the Eco-label.</p> <p>Licence registration no: FR/7/8</p>	<ul style="list-style-type: none">• <i>Good performance for indoor use</i>• <i>Hazardous substances restricted</i>• <i>Low solvent content</i>

EN71 - Part 3 - Safe for toys standard

Today's consumers are keen to ensure any products they use in the home do not cause their families any harm and to this end, the majority of our products have passed the European Standard EN71 - Part 3. This means that these products do not contain any dangerous chemicals and/or do not emit any damaging fumes. Products which have met this standard are marked in the catalogue with the 'toy train' logo.

	<p>European Standard</p> <p>EN71 - Part 3 Approved Safe for Toys</p>
---	---

Guild of Master Craftsmen

The Guild of Master Craftsmen test and endorse a wide range of high quality products used around the home. Only products which satisfy the Guild's quality and service standards are allowed to use the emblem on their products. Liberon is delighted that a great many of our products have been endorsed by the Guild of Master Craftsmen in recognition of their excellent results. Look out for the Guild's logo under each product in the catalogue.

Wood Filler

Multi-purpose water based filler for repairing surface damage to wood flooring.

- low odour
- shrink and crack resistant
- once hardened it can be sanded, stained, waxed and varnished
